Subject: PROJECT UPDATE: Northeast Energy Direct landowner survey to begin

Representatives of Tennessee Gas Pipeline Company, L.L.C.'s (TGP) proposed Northeast Energy Direct project are planning to commence survey activity beginning Monday, July 14th along the project route. The survey crews will only be crossing properties where TGP has received permission from the landowner.

As part of our community outreach, we plan to keep you updated about project-related activities in your area that may be of interest to you or your constituents.

Please don't hesitate to contact me with questions about this activity, and I look forward to continue working with you. Thank you.

Sincerely,

Allen Fore
